***13-SMAPxSMAP SPECIAL:** Well, in the first show of the year, it was another live show and their bistro guest was Adachi yumi chan. The showed the sky diving experience of shingo chan and Nakai chan. They are now trying to get Goro chan and Taku chan to do it... unfortunately, Goro chan is TERRIFIED of heights. So he was really scared. they said themselves, "Goro chan Shinjauyo!!!" (trans: Goro chan will die!) If he even tried this. And he was scared when they mentioned it. He said, "um... well... let me think about it after my drama done...." But the bad thing about Nakai chan and Shingo chan was... THEY HAD TO DO IT THREE TIMES!!! And Nakai chan was so scared that he couldn't say his line. So all the lines went to shingo chan... And Nendo no Ookoku comes up again in the next ep. And the Musical guest is Minami Kousetsu and in this you get to see Goro chan and Taku chan Play their guitars with Kousetsu. Lets see... oh.. yeah.... I forg to mention.... "Inagoro San"..... Um Goro chan impersonates "Mutsugoro san"... he looks like him... sounds like him... and acts like him and this scares me cause he's a 80 something year old man.... and Shingo chan is the cat, "Koneko no Shinchan" in that skit. And you get to see grassies as well. And last I think, is "Na kun".... every see that "Tommy the train" thing..

DECEMBER 31, 1997: SMAP x SMAP 97-98 COUNTDOWN SPECIAL: This was a pretty good special. Completely different from the previous year which they had a concert. On this one, they showed the top 20 skits of SmapxSmap, a sort of retrospective look at SmapxSmap skits, interaction with the audience (with both genders this time!) and the other co-hosts were live in other areas (one area was where the dominos will be set off for the New Year's and the other was in a concert area). Didn't know Takuya wore glasses but it was a cool special. Check it out, it should be available at your local Japanese video rental store (December 31, 1997)....this special was probably the closest to America's Dick Clark's rock n' eve. Of course, there is no ball falling but there were a lot of people involved. They showed the fireworks over the city buildings and a lot of shots during the night of the city lights (I dig that). The dominos section was interesting. Each member had to set a domino down being careful not to set off the dominos. Everyone did this except Nakai who was drinking champagne with two babes in his arms [you could tell he was enjoying it]. Nakai wasn't on most of the show because he was hosting Kohaku/and just finished Kohaku. They showed him most of the time having fun with two ladies in his arms drinking and then later being kidnapped by two dudes. The domino section was cool to watch but it lasted for quite awhile. If anything was cool about this whole special, it was to see the fireworks over the buildings...that was pretty rad. It was funny to hear the females reaction when the girls were kissing Nakai on the cheek. Also, they showed the KinKi Kids perform. If there is one thing that was not pleasant...to see the traffic jam and all the cars backed up and Nakai not there at the studio yet because of the traffic. Geez, it truly sucks to ride a car in Tokyo. Last, Smap performed "Yozura no mukou" minus Nakai who then later appeared in the second verse of the song just in time and the other members and Nakai laughing (while Takuya is still singing..don't think he knows the others in the back are giggling). Anyway, it was a rad New Year's special and it is good that viewers had something else to watch during the enka parts of Kohaku (snore...). [SMA]
